DISH

DISH is a Fortune 250 company with more than $14 billion in annual revenue that continues to redefine the communications industry. Our legacy is innovation and a willingness to challenge the status quo, including reinventing ourselves. We disrupted the pay-TV industry in the mid-90s with the launch of the DISH satellite TV service, taking on some of the largest U.S. corporations in the process, and grew to be the third-largest pay-TV provider. We are doing it again with the launch of the first live, internet-delivered TV Service – SlingTV, that bucks traditional pay-TV norms and gives consumers a truly new way to access and watch television. Now we have our sights set on upending the wireless industry and unseating the entrenched incumbent carriers.
